Yes it is the same list I showed you and you identified those sites you are involved in or did some work at. I think they are they are asking the same question. Thanks.

Hey Brenda and Phillip:

Are you guys going through this same list that Christine from GAO sent?

Can you answer her second question?

**Subject:** Follow-up questions

Greg:

Attached is our listing of Region 6 active non-NPL defense federal facility sites. There are 74 sites since we are excluding non-defense facilities being cleaned up by the Corps.

So, my question again was whether you could identify which sites are not being cleaned up under RCRA?

Another question: What is the difference between sites 'deferred to RCRA' and NFRAP sites being cleaned up under RCRA?
